*There are speakers...there are entertainers...
and there are singers.
Rarely do you find all three
in the same person, but that's exactly
what you'll find in LaDonna Gatlin.*

The sister of country music's Gatlin Brothers, LaDonna began her career as a member of the family singing group. She realized early on ("after a sincere self-evaluation," she says) that success can be measured in different ways. So, she took a giant leap of faith, chose to follow her heart, and sing a different song apart from her brothers. She has spent her entire career empowering audiences to "sing their own song" as well.

She is an active member of the National Speakers Association and has earned its highest professional designation, Certified Speaking Professional (CSP). She has recorded three musical CDs which contain some of her original songs (*The Song In You*, *LaDonna Gatlin*, and *Christmas Memories*), and a live recording of her keynote speech, *Tune Up Your Life*. LaDonna is also a contributing author to *Chicken Soup for the Christian Woman's Soul*.

LaDonna's career puts her on the road about 100 days a year presenting at conferences, concerts, and corporate events. She has shared her message everywhere from the Crystal Cathedral to the prison cells of Death Row.

Certainly the Gatlin name insures great music, but LaDonna's presentations go far beyond the music and deliver a powerful message. She inspires us to authentically live life from the inside out--through our words, our deeds, and our actions.
